FROM PRINCIPAL'S DESK

“The heart of education is the education of the heart.”

Dear students, School is a new world where you learn and grow with joy. Love sharing and compassion where you learn adjustments and brotherhood. Learning is not the process limited to school and colleges only, nor does it end with conclusion of one's school career. It's indeed a life long process. It is my message to you all that people of fine character live by their values. They are honest and committed to truthfulness in thought, word and deed. Always remember to be responsible and uphold the dignity where you go. What you are is God's gift to you. Bring out the best in you.

Principal

EDUCATION COUNCILLOR'S MESSAGE

A school is a building surrounded by four walls with future inside. It is a social institution that reflects the standard of the society. Therefore good schools are needed for a good society to recognize and utilize it's hidden talents for the fullest possible upliftment and progress. The school is working with its powerful hands to build a better tomorrow. I wish all the success and prayers for the school and congratulate the editorial team for the newsletter.

LOCAL MANAGER'S MESSAGE

“Educating the mind without educating the heart is no education at all.”

The world today is changing at such an accelerated rate and we as educators and learners need to pause and reflect on the entire thing that we passed through. Experience Sharing from School Toppers

Our Principal sister dedicated her entire time for us. Our teachers spend their day and night to make us excel in studies. We were given regular revisions and tests. There were a set of pre-board examinations. When the CISCE council cancelled the board exams, we were really frightened of our results. At that moment too. Our principal and teachers acted like a Nourishing palm which enclose us with love and care. Yes their efforts was the real strength for us. So, I have a cute advice to you all young one's "Learn, grow, innovate and excel yourself."

Elsa Varghese

I could still remember the first day when I came to Jnanodaya, I could relate myself to someone who is blind, deaf and dumb at the same time. If I could read, write and learn well today it is because of JCS. Whenever we all become something in our life and look back into our past the first and foremost thing we remember is our school JCS, it is not because we have spent more than ten years here, but because it has made us a plant from a seed. The most cheerful memories that I would like to take along with me towards my end is the crazy fights we had at school, fearful scoldings of our teachers and other funny relishing memories of my school life. Even now I used to get goosebumps when I hear our school anthem. Jnanodaya is indeed a different feeling. The school JNANODAYA will always have a valuable position in life. To be able to spent my school life in JNANODAYA is one of the best thing that ever happened to me. The most beautiful truth that I would like to keep closest to my heart is that " I am a Jnanodayan - ALWAYS PROUD TO BE A JNANODIAN....."

Persis V Manoj

Jnanodaya central school is one of the best schools in Kerala. Even has ISC board for classes 11 and 12. Good quality education and active staff. The school provides opportunities to students not only academic but also other co-curricular activities. Promotes students to engage themselves in social activities. I myself as an alumnus is very happy and satisfied being the part of this family. Thank you

"For by your doubting,
I am taught to believe,
by your forked-tongue,
that revealed the wound on the
divine body that was pierced,
I harvest the fruit for myself without
pain".
